WAJEEHA USMAN

Currently, I am the student of Software Engineering in UET Taxila. I topped the college by scoring 1085/1100. I am proud to be an alumna of Mashal Degree College which has proved as a platform for elevating me to the position where I am today. In the fruitful years spent at MDC, I was nurtured and modeled to face the challenges and grab the opportunities that lie ahead. I know I would not have been where I am today without the support and efforts of the administration and faculty of MDC. MDC aims to equip students to meet the challenges of the 21st century. It helps students to strive towards acquisition of attributes that befit the national objectives. These attributes are in turn reflected in their everyday behavior and attitude. MDC has enhanced my learning curve. The college provided me with numerous platforms to showcase my talent. Concluding, I can positively say, MDC has made me a responsible citizen and good human being. It has helped me to develop a positive attitude towards life and discover more about myself, while giving me a memory to cherish for the life time.

AQSA AZHAR

I am studying Software Engineering in UET Taxila. I did my F.Sc from Mashal Degree College and scored 1061/1100. This College is a place where students come unsure of what they want to become with almost little knowledge about their ambition but I was fortunate enough to have great teachers who guided me to the right choice. All the teachers taught us with dedication and made our concept clear. They were always very supportive, caring and hard working. The educational environment was perfect at Mashal College. In short Mashal Degree College is a symbol of excellence having outstanding teaching staff and an excellent learning and grooming environment.

AYESHA ARSHAD

I am currently doing BS Psychology in NUML Islamabad. I did my F.Sc from Mashal Degree College and secured 3rd position in Pre-Engineering by scoring 1049/1100. MDC illuminates the lives of students. It not only helps us to determine our goals but also grooms our personality and character. It is the hallmark of Mashal Degree College that it prepares students to face the challenges of life with honour, confidence and fortitude.

SUMMAYA ZAHOOR

I am a student of BS Environmental sciences of Quaid-e-Azam University, Islamabad. I successfully completed my F.Sc from Mashal Degree College. Undoubtedly, MDC proved to be the best institute for me as it not only provided devoted and competent faculty but also groomed us from once immature student into a responsible mature one. The grand infrastructure and the conducive learning environment of campus helped us to nurture our talents.

ISHA GHOUS

I am Isha Ghous. Currently, I am doing MBBS in Peshawar Medical College (Alhamdulillah). Thanks to MDC, because I am here due to the hard work of my teachers. I am glad to tell that I was a part of Mashal Degree College. I did my FSc (Pre-medical) from MDC by securing 965/1100. It provided me an amazing platform to fulfil my goals and to achieve success in my life. During my stay in this college, I learnt how to eliminate dependence on others. This college taught me how to become a self-educating person. MDC provided me all these essential opportunities, from curricular to the extracurricular activities, to groom myself into a polished individual.

Studying in MDC was the best decision of my life. May Allah Almighty bless all my teachers and give a lot of success to MDC. Ameen.

In short, MDC is the name of excellence and success.

SANIA FATIMA

I am currently doing BS in Communication and Media Studies from Fatima Jinnah University. If I'll have to describe the experience that I had at MDC, I'll label it as the golden period of my life. I entered Mashal as a clueless person who didn't know what to do ahead but being there made me aware of my abilities. For me it's the best college in Wah Cantt.

Imparting education is the prime concern here. The teachers are hardworking and affectionate and I can assure you that studying in MDC proves a milestone for success. MDC has the most splendid infrastructure and also arranges the extracurricular activities for nurturing the latent talents of students. In short, MDC is the best choice.
